About US

Our academy is positioned to cater for the burgeoning interest in youth football by offering competitive training sessions that develop not only technical skills but also essential life skills such as discipline and resilience.

The integration of mentorship programs further enhances our offerings, ensuring that young athletes receive guidance that shapes their character both on and off the field. Moreover, the increasing focus on health and wellness among the children and youth presents a unique opportunity for our health and nutrition themes.

Merry Christmas

and
Happy New Year

KANDANDA ELITE ACADEMY ORIGIN

The inception of Kandanda Elite Academy stems from a profound passion for football and a commitment to sports and development.

By recognizing the lack of structured programs that combine skills development in football with vital life skills, we saw an opportunity to create a unique academy that addresses both these aspects.

We guarantee a conducive learning environment that enhances learning and growth, making our academy a desirable choice for parents and young athletes alike.

Player of the Month
Jake Ochieng
